

I listen to Klove every single day. Before Klove, I didn't listen to the radio, I mostly listened to CDs. I missed out on national and regional news. Klove helps to keep me informed on current events. Because of my busy schedule, that is about the only place I am able to keep up on current events. In addition, Klove's program is enjoyable and SAFE for young ears - one of the most important aspects for my family. If I didn't have Klove, I would most likely return to listening to CDs and not listen to the radio at all.
